

Hyundai Garden Light Interconnect Cable

HYUGL004

The Hyundai Garden Light Interconnect Cable allows you to create your own garden light kit using Hyundai Garden Light and Hyundai Garden Light Driver.

Use this waterproof cable to customize your Hyundai Garden Lights Kit set-up with up to 5 additional Hyundai Garden Lights or to extend the cable length. You can also interconnect up to 10 Hyundai Garden Lights using a chain of interconnect cables and power them up with the Hyundai Garden Light Driver.

For those just getting started, the Hyundai LED Garden Light Kit includes all parts needed to illuminate your outdoor space.

This Hyundai garden light products are the perfect choice for DIYers looking for an easy-to-install modern garden lighting option providing great value for money. Light up your garden beds, trees, shrubs, pool areas and decks to enjoy and entertain at night. These lights can also provide a valuable safety function, guiding your family and friends away from trip hazards after dark.
