

Hyundai Smart Colour Changing LED Garden Light Kit HYUGL002

[html5_video id=4310]

This Smart Colour Changing LED Garden Light kit is the perfect DIY option to light your garden, yard or landscape for either functional or decorative purposes for your next event!

Each kit includes five garden lights, five garden spikes, one Bluetooth receiver, 10m of cable with 2m of cable to attach each light and an Allen key and screws to attach and angle each head.

The Bluetooth receiver enables you to sync your garden lights to the Smart Life Smart Living app and change the colours and brightness to set the right tone for your environment using just your smartphone. An inbuilt daylight sensor automatically turn the lights "ON" at dusk and "OFF" at dawn saving you the hassle.

An LED driver (or transformer) is included to power your lights. Wall mounting screws have also been provided so that you can attach your driver or transformer to a ceiling or wall. A clear set of instructions are provided for ease of installation.

Cable end caps are also included in case you choose not to use all of the 5 light lines included.

The waterproof lights attach directly to the aluminium powder-coated spikes which are also weatherproof enabling you to place the lights directly into your lawn or garden.

This garden light kit is the ultimate choice for DIYers looking for an easy-to-install modern and smart garden lighting option providing great value for money. Besides using them for functional purposes, they can also be used to set the perfect ambience for outdoor gatherings or parties.

Each kit also comes with a 3-year warranty.

Looking to extend or customize your Garden light kit cable? Please email us at info@hyundailighting.com.au with your requirements.
