

Hyundai LED Garden Light Kit 3000k HYUGL001

This modern LED garden light kit is the perfect DIY option to light your garden, yard or landscape.

Each kit includes 5 garden lights, 5 garden spikes, 10m of cable with 2m of cable to attach each light and an Allen key and screws to attach and angle each light.

An LED driver (or transformer) is also included as are clear installation instructions. Wall mounting screws have also been provided so that you can attach your driver or transformer to a ceiling or wall.

Cable end caps are also included in case you choose not to use any of the 5 light lines included.

The highly waterproof lights attach directly to aluminium power-coated spikes. The garden spikes are also weatherproof and enable you to place the lights directly into your lawn or garden.

You can also customize your garden light kit setup with up to 5 additional Hyundai Garden Lights or extend your garden light cable length using Hyundai Garden Light Interconnect Cables.

This garden light kit is the perfect choice for DIYers looking for an easy-to-install modern garden lighting option providing great value for money. Light up your garden beds, trees, shrubs, pool areas and decks to enjoy entertaining at night. These lights can also provide a valuable safety function, guiding your family and friends away from trip hazards after dark.

Each kit also comes with a 3-year warranty.

Looking to extend or customize your Garden light kit cable? Please email us at info@hyundailighting.com.au with your requirements.
